## DOT WS FREQUENTLY ASK QUESTIONS:

**How much do domain packages cost?** \$10 per month per domain.

**Is anything else included in the \$10 monthly fee?** Yes: Lots of options! Your \$10 monthly fee covers not only your .WS "WebSite" domain name, but everything needed to make full use of it. You can use our hosting services, forward your domain to another location, leave it parked with a simple construction screen, or use our simple SiteBuilder tool to help you design a great WebSite in minutes. All these options include email services. Of course, you always have the option of using your own hosting company as well!

**How much space do I get for files needed to build my WebSite?** 100 megabytes. However, most .WS user WebSites utilize only a fraction of this available space.
