March 17, 2007 - Saturday - 12:30 PM: Another KNOCK on your generous HEART! - Donation for Jong Belano Contact Ding Ahjong dahjong@cox.net Message From Jong Belano: Dear Sirs/ Titos: Greetings! I would like to thank you once again for the previous financial assistance you had given to me. Since January 2007, my life has become very challenging, and i was so shocked that until now it is difficult for me to believe, as i have been living a healthy life since. I underwent two surgical operations, one to remove the mass in my right inguinal which turned out to be a malignant germ cell tumor, and the second was to remove the main source of the tumor. It was January 31, 2007 when i learned that another tumor is still growing (6.8 x 8cm) in the inferior renal part under my right liver. The tumor has metastasized in my body. Since February 22, 2007, i've undergone a chemotherapy at National Kidney and Transplant Institute, Quezon City.

The medical oncologist, DR. GLORIA CRISTAL-LUNA, told me that urgency of the treatment as this yolk sac tumor (the name of the cancer) can still be FULLY treated and cured. The chemotherapy is for 12 sessions, i survived the first three, and there are 9 more sessions.

Continuation – **MAASD Updates:** January, February, and March 2007

Two major surgical operations were already financially challenging to me and my family... a chemotherapy become more burdensome as chemo drugs alone cost me around P53, 000, plus hospitals bills and maintenance medicines.. i survived the first 3 by loans and friends' financial assistance. My next chemo sessions will be on March 15, then 22, 29.. every thursday to follow until i hopefully reach the 12th session. I strongly believe that i would be cured.. GOD will heal me from this ailment... but this is only possible with your generous assistance. Hence, with all sincerity, honesty and humility, i am once again knocking on your kind hearts for financial assistance for my continued medication. I can be fully cured and my health and my life will return to normalcy. Please po do help me. I still want to live longer... be of helped to Mapua's students, touching their lives through your assistance.. i still want to become a good lawyer in the future.. and a political leader of our country. PLEASE do help me. I will just get feedback from tito Jojo as i don't always have access to the internet... and the doctor advised me for isolation and rest... God bless us all! Thank you in advance po! i know you can help me! Sincerely yours, Jong Belano
